

Mini-Symposium TuBS Picks Your Brain: Insights into Neuroscience

Mauno Koivisto Centre Auditorium
Wednesday, December 1st 2010 at 12-16

- 12.00** **Opening Words by Olli Lassila**
Chairs : Eeva-Mari Jouhilahti and Johannes Keuschnigg
- 12.15** **Eleanor Coffey,** Åbo Akademi University, Turku Centre of Biotechnology, *Brain development: regulatory mechanisms revealed by a kinase substrate screen approach*
- 12.55** **Prof. Heikki Rauvala,** University of Helsinki, *Communication of neurons with immune cells*
- 13.35** **Prof. Juha Voipio,** University of Helsinki, *Biophysical mechanisms of synaptic and non synaptic transmission in the mammalian brain*
- 14.15** **Coffee/Tea**
- 14.30** **Prof. Synnöve Carlson,** Aalto University School of Science and Technology, *Top-down regulation of brain activity in 7-11-year old children.*
- 15.10** **Juho Joutsa ,** Turku PET centre, University of Turku, *Neurobiological mechanisms of pathological gambling.*
- 15.50** **Closing remarks**
